A Clear YES

1. Never pressure anyone to be sexual.
   • It’s not okay.
   • It’s against the law.

2. If someone does not want to be sexual, do not continue to ask them or pressure them. STOP.

3. Not everyone will say the word NO. Do not assume this means they want to be sexual.

4. If you’re not sure if someone wants to be sexual, STOP. Ask them, communicate.
