VIRTUAL GLOBAL CONFERENCE
October 12–13  |  etr.org/ythlive
Became a YTH Live Global Partner

YTH Live Global is ETR’s premier conference on youth, technology, and health. This international event features leading-edge programs, pioneering technologies, and scientific research on the topics that matter to youth. At our 2021 conference, we welcomed 800 attendees from over 60 countries— and we would love you to join us as a partner in 2022!

YTH Live Global is committed to youth-centered design and innovation. Imagine what happens when we design a conference focused on the lived experiences of young people across the globe? At YTH Live Global, we invite the experts and youth influencers to the same, equal space to share innovative ideas, new technologies, and transformational research.

Are you a youth-centered organization, innovator, or influencer? Join us! We are looking for partners who align with our science-based, inclusive, and forward-thinking values. We have a variety of sponsorship opportunities for our 2022 conference which will allow you to highlight your work to an international audience of public health, education, technology, and youth-engagement professionals.

YTH Live Global 2022 will take place October 12–13, 2022, on a dynamic and interactive virtual platform. We hope to see you there!

In partnership,
Vignetta Charles, PhD
Chief Executive Officer, ETR

Attendees Love #YTHLive

- An inspiring and educational conversation at #YTHlive! Thank you to our panelists Nisha Deolalikar (@Facebook) and Jonathan McKay (@girleffect) for their valuable insights, and Ifeoma Udoh (@ETRorg) for this platform.

- Congratulations to changemakers, @ChoudharyArushi and @MeruVashi, for winning the Digital Comprehensive Sexuality Education Innovation Challenge at #YTHLive. #SheCreatesChange

- Supporting and fostering young leaders and health advocates is a key component of our mission to end the #HIV epidemic. That’s why we’re #VivVProud2Support @YTHorg and this year’s #YTHLive Global conference.

- Day 3 of #YTHlive I just saw the most incredible presentation about using Minecraft to work with young people about healthy relationships. So much amazing work being done!

- "Every day, 810 women die from preventable causes related to pregnancy & childbirth worldwide, 20% of which occur in Nigeria." @hopeyemibabz inspired by your work on maternal mortality in Nigeria. Solutions should be built out of problems faced by such deep proximities. #YTHLive
